

FBGD-Double Eccentric Flange Butterfly Valve

FBGD is a double eccentric flange butterfly valve, with rubber seal on the body, it has the lowest operational torque, much less wearing, the dovetail seal design has been proven over half century service with reliability.

Features:

- . The valve is made of DI body and DI disc.
- . Advanced newly design with dovetail seal design and captured by epoxy on the back with multiple raised ring to have more contact with disc but less friction during closure.
- . The double eccentric design provides less contact area of seal with disc, and less stress at the open position of the disc.
- . The disc design with arch shape and thru disc can provide better flow capacity, stronger and less weight
- . The shaft and disc connection with tangential pin which can be exchangeable and provide rigid connection.
- . The DN 80-500MM use flatdisc, and DN 350-1200MM use arch shape disc.
- . Epoxy coated interior and exterior.
- . Valve design meets EN 593, BS 5155
- . Top flange connection meets ISO 5211-1982, and F/F meets EN 558-1.

Service Fields:

Water works system, waste water system, water distribution system, HVAC system, industry, petro chem plant, power plant.

Technical Data:

Size Range: DN80-2000mm
Ratings: 1.0Mpa; 1.6Mpa,
Working Temperature: -10°C ~80°C
Flow media: Water & Wastewater

Main Valve-DN350-500-Flat Disc

Parts List

No.	Part Name	Material	Standard
1	Body	Ductile Iron	GJS 500-7
2	Lower Shaft	Stainless Steel	AISI 420/304/316
3	Disc	Ductile Iron	GJS 500-7
4	Main Shaft	Stainless Steel	AISI 420/304/316
5	Backup Ring	Plastic	PTFE
6	Retaining Plate	Carbon Steel	#45+ EPDM Coated
7	Shaft Key	Carbon Steel	Commercial
8	In Hex Bolt	Carbon Steel	Commercial
9	O-ring	Rubber	NBR
10	Shaft Bearing	Carbon Steel+ Bronze/ PTFE	Commercial
11	In Hex Bolt	Carbon Steel	Commercial
12	Pin	Stainless Steel	AISI 431
13	In Hex Bolt	Carbon Steel	Commercial
14	Shaft Bearing	Carbon Steel+ Bronze/ PTFE	Commercial
15	Hex Bolt	Carbon Steel	Commercial
16	Position Plate	Ductile Iron	GJS 500-7
17	In Hex Bolt	Carbon Steel	Commercial
18	Bottom Flange	Ductile Iron	GJS 500-7
19	O-ring	Rubber	EPDM/NBR
20	Disc Seat	DI+ Epoxy/ Stainless Steel	GJS 500-7+Powder Epoxy/316SS L
21	Body Seat	Rubber	EPDM/NBR
